

# **EASTERN SUBURBS COLLABORATIVE DIRECTORY**

## **A COLLABORATIVE COMMUNITY PROJECT**

**Most directories are dull and static and get out of date after a few months, but the Eastern Suburbs Collaborative Directory lives, breathes and is constantly used interactively by its members so is constantly kept up to date**

### **IT IS ALSO THE HUB OF A PUBLISHING WHEEL**

### **THE WHOLE COMMUNITY CAN TAKE PART**

**Membership is by invitation only, and the people who join are those who value the idea of collaboration**

**It's not a business only directory, but embraces the whole community, Charities, Social Groups, Local Councils, Schools, Business Organisations, Sports Groups, State Government Bodies, Religious Bodies, Not For Profits and Individuals**

**The directory is structured so that people can join by type and location, so members with similar interests are broadly put together. In addition you can search by keywords such as "sustainability" and quickly find like minded people**

**The directory will appeal to people of goodwill who enjoy the Traditional Aussie values of Mateship, Freedom of Speech, Respect for each other and "A Fair Go"**

### **MEMBERSHIP IS JUST \$95 PER 6 MONTHS**
